

The name of our school is Collège Jean Fernel. It's a co-educational public middle school with about 700 students. The principal's name is Mrs Baratte. This school is big, there are big corridors. There is a big playground.

We go to school by bus, by car, by bike or we walk.

The doors open at 7.50 but the first period starts at 8.15. We have seven periods during a normal day. We have two hours to eat, we eat at the canteen or at home. We have two breaks of 15 minutes. We finish school at 4.50 pm.

There are four grades: 6ème, 5ème, 4ème, 3ème.

We learn History, French, Science, Art, Music, Sport, English, Spanish, German, Italian and Latin.

If you are handicapped, there is a special unit, our school is accessible to everyone.

We don't wear a uniform.

We can do many activities like basketball, badminton, fitness. There is a radio club, a chess club.

There are some boarders, they eat at school everyday but not at the week-end.

In our class, there are 27 pupils. We think our timetable is good. The teachers are sympathetic. The supervisors are funny and patient but they can punish you if you use your phone for example because it's forbidden in the school. If you say something stupid, you can be punished. It's forbidden to run in the corridors. We can't eat in the classroom.

Don't smoke! Our school is good because the rules are correct and the teachers are nice.

We are lucky because we have a good teacher.
